

Receive up to \$500 tuition credit!

*There is no limit to the amount of discount you can earn.
This means that you could earn your tuition paid in full!*

Tuition Credit Referral Program

Significantly reduce your tuition cost by simply encouraging your friends and family to join the ACA family. As the parent of a child at Ascent Christian academy, you know better than anyone the kind of education and leadership training your student will receive.

You are the best advertisement!

Here's how the program works:

- **Encourage our friends and family members to consider joining the ACA family!**
- **Tell them to indicate they were referred by you on their application or first point of contact.**
To be considered a “qualified referral” for the school, families must mention your referral at the first point of contact with the school.
- **The new family applies and is accepted to Ascent Christian Academy.**
The family being referred must apply and be accepted, complete their enrollment, and pay the Application Fee, the Program Fee, and the first month's tuition.
- **For each family that joins ACA as a result of your referral, you will receive up to \$500 of tuition credit.**
The tuition credit will be applied as a \$50 per month tuition credit throughout the first school year in which the family is enrolled. If a family joins ACA and begins paying tuition in August, you will receive \$50 per month for all ten months of the school year totaling \$500. If a family joins ACA and begins paying tuition in January, you will receive a \$50 per month credit for five months of the school year, totaling a \$250 credit. There is no limit to the number of families you can recommend: however, your tuition credit may not exceed your total tuition for the current year and may not be “rolled over” to the next year.
- **Newly referred families will also receive up to \$100 of tuition credit!**
The tuition credit will be applied as a \$10 per month tuition credit throughout the first school year in which the family is enrolled. If a family joins ACA and begins paying tuition in August, they will receive a \$10 per month credit for all ten month for the school year, totaling a \$100 credit. If a family joins ACA and begins paying tuition in January, they will receive a \$10 per month credit for five months of the school year, totaling a \$50 credit.

Families with past due account are not eligible to participate.
